I love my XUV500. It's so fuel-efficient, whether I'm driving to work or going away on weekends, a tank lasts me so much longer than I expect. I think everyone should be driving a Mahindra.

I feel like a happy kid in my Scorpio Double Cab, every time I get in it I feel like going on an adventure. It's so convenient, we just throw the stuff in the back and off we go. Everyone should definitely try a Mahindra.

**My Scorpio Single Cab is amazing. It's got so much more power than I expected, I mean it pulls my horse-box easily. I believe more people should have a Mahindra.**
