

festive SUMMER!

Nail your party-season mani with Sally Hansen

- prep**
Sally Hansen Cuticle Eraser + Soak to remove rough cuticles and condition nails. Sally Hansen Cuticle Cream + Extra Moisturising 6-in-1 Nail Treatment to give longer, healthier nails – and possible bonus for up to 10 days.
- colour**
Don't settle for just colour when you can get colour, coat, strengthener, growth treatment, colour-protectant and a perfect at-it-once bottle. Try out the glossies to get you in a party mood.
- protect**
Keep your manicure beautiful for up to 10 days! Sally Hansen Mega Shine Top Coat – a top coat that defends against staining, chipping or peeling.
- set**
Dry nails in 30 seconds! Sally Hansen Insta-Dry Top Coat is a chip-resistant and glossy nail-shine setting shine.

Colour Pop

Nail your summer manicure with Sally Hansen

- 1 treat**
Sally Hansen Nailgrowth Miracle Treatment protects and strengthens nails, and promotes growth without interferon. Sally Hansen Vitamin E Nail & Cuticle Oil nourishes and softens cuticles, while strengthening nails.
- 2 colour**
Sally Hansen Colour Pop is a new bottle! Colour-inspired colour, a base coat, strengthener, growth treatment, top coat, chip resistance and a gel finish.
- 3 protect**
All-in-one strengthening base and top coat works in double time – for double protection – helping to shield nails with a sticky, chip-resistant finish while keeping nails moisturised at the same time.
- 4 set**
Nails are dry in 30 seconds! Sally Hansen Insta-Dry Top Coat is a chip-resistant and glossy nail-shine setting shine.

sweet dreams

Get mani-ready for summer in two easy steps with Sally Hansen Miracle Gel

- 1 colour**
Start with clean, dry nails – no base coat needed! Apply two coats of Sally Hansen Miracle Gel® nail polish: the first layer is a gel formula that dries up to 10 days of colour and shine. Try out the gel polish and you'll be inspired.
- 2 set**
Apply a coat of Sally Hansen Miracle Gel® Top Coat. Its patented formula delivers the high-shine, glossy look of a salon-quality gel manicure, giving the need for LED/UV light. Easy, quick, their removal can be achieved with regular nail polish remover.
